As I was going to the party
You pulled a gun and I was naked
I talked to dread it was so silent
While they were looking up addresses

Yarni marni oh yarni marni what's it all supposed to
fuckin' mean now
Yarni marni oh marni yarni what's the government
supposed to do?

I felt the ground and you were laughing
Could it have been the pressure on the pressure pipe
The easy ant farm was a lesson
Its easy to see what he wears is kinda right

Yarni marni oh yarni marni what's it all supposed to
fuckin mean now
Yarni marni oh marni yarni what's the government
supposed to do?

Supposing I could make a monster
I set it on you like a firebird in the nite
And pretty people come and watch you
Cause pretty people there the only ones
DARE DOUBLE DARE

Yarni marni oh marni yarni what's the government
supposed to do now?
Yarni marni oh marni yarni what's the imbecile
supposed to do?
Yarni marni oh marni yarni what's the government
supposed to do now?
Yarni marni oh marni yarni marni
