Would you, could you  
Lend a hand with my barbeque  
I've got beer beer  
Get round with your packed up wacky sack

Balding matters  
Balding matters

Twist round, sit down  
Leave town like you did the last time  
Feels great, so good  
Yeah, I need you to understand that

Balding matters  
Balding matters

Cold  
Cold shoulder

Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number

Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number

Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number

Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number  
What a fuckin' rort
