So you have made some mistakes,
You don't need beating down now you've found
That you're alone in a crowd

And back when we were younger
We felt so old and free , Meant to be
I'd never thought i'd want to see

Hey, Lets find a place to go , Where no one knows our
name
Hey, Lets find a place to hide , A place to hidaway

Maybe we'll make it someday
Maybe we'll feel alive, let the stars in the sky
Find another place to hide

And when they talk , dont listen
Cause we're not really here

The machines dissappear

I'd never thought i'd see so clear

Hey, Lets find a place to go , Where no one knows our
name
Hey, Lets find a place to hide , A place to hidaway

I gave it all just to get you back,
I wanna show you the place im at

And when we finally make it ,
We'll feel so bald , alive
Like the stars in the sky , I never thought i'd be this high

Hey, Lets find a place to go , Where no one knows our
name
Hey, Lets find a place to hide , A place to hidaway x2
