All you say
Is give me the money
It's hard to care
When you lied to me honey

Watch you do
Is standing masturbation
Can you prove?
The words are for tasting

We're not gonna kiss until you understand
We're not gonna kiss until you understand
We're not gonna give into your wishers
We don't give a shit if you don't miss us
Come and try and kiss it come and take a chance

You lied to me
And you lied to the nation
On your knees
These a bid for the speaking

Speak your mind
Don't let me stop you
When you find
Your bred for the killing

We're not gonna kiss until you understand
We're not gonna kiss until you understand
We're not gonna give into your wishers
We don't give a shit if you don't miss us
Come and try and kiss it come and take a chance

Sorrow
Sorrow

I said it boosted from a night stand
I got directed by the last little thing that you planed

All you say
Is give me the money
It's hard to care
When you lied to me honey

We're not gonna kiss until you understand
We're not gonna kiss until you understand
We're not gonna give into your wishers
We don't give a shit if you don't miss us
Come and try and kiss it come and take a chance
