Were you neurotic as a child?
Did they come around and watch your style?
Did you have plans to be a star?
Did you have plans to become more than you are?

Maybe rock was in your dreams
Maybe being there was far too obscene
Swing it high and swing it low
Swing it anytime where you wanna go

More than you are
More than you are
More than you are now
I'm more than you are
More than you are
More than you are now

Yeah
All right, yeah yeah yeah
All right

Were you neurotic as a child?
Did they come around and watch your style?
Did you have plans to be a star?
Did you have plans to become more than you are?

More than you are
More than you are
More than you are now
I'm more than you are
More than you are
More than you are now
