Another revolution on your mind  
Fast, quick get into the cab  
Sell her on the telephone line

Mud sticks,  
Sitting in the pigpen  
Sitting in the pigpen  
Staring at the ground  
Living in the pigpen

When you're there we'll start to stuff around  
Cocksuck! better watch your language  
Trying to go get our wagers on the ground  
I'm free, now that I've got freedom

Sitting in the pigpen  
Laughing all around  
Living in the pigpen

Ohhh you're stuck in the ground  
Stuck in the ground

Wishing you'd had known about it then  
Drink up thinking of the asshole  
Firestarter flies up ahead  
I know, better than a way down

Sitting in the pigpen  
Staring at the ground  
Living in the pigpen
