"I'm primed for the airwaves,  
I can do it guys, really I can"

Taxi man you drive too slow  
Brought the child out to be shown  
How to exist down here

Grab a complex, be like me  
Pimples control the way that you wanna be  
Yeah, I let you exist in society

I need a green just as much as you  
But it's not the way  
I want it now but your point of view  
Points the other way - yeah  
So paranoid it is making sense  
I've got to get away  
Right to the top, just avoid the fence

Cranky mum I'm sorry that  
Your daughter's gone and caught it  
Pretend it was never there  
Frankly dad your brain is sick  
All's I need's another fucking lunatic  
Yeah, your insecurity shows

I need a green just as much as you  
But it's not the way

I want it now but your point of view  
Point's the other way - yeah  
So paranoid it is making sense  
I've got to get away  
Right to the top just avoid the fence

Big girl I've said too much  
Should have kept my mouth shut  
Did it occur to you?  
Love me, leave me, take me there  
We can sit on porches and our  
Rocking chairs - yeah  
Watching that world go by

I need a green just as much as you  
But it's not the way  
I want it now but your point of view  
Points the other way - yeah  
So paranoid it is making sense  
I've got to get away  
Right to the top just avoid the fence
