Give them reasons why
Fuck the real reasons
I was crucified
Still the wrong season

Now you're looking for a signpost
That takes you to home
Now you're looking for a signpost

Tell them out of luck
Jack the rap table
I don't give a fuck
Wrack the room fables

Now you're looking for a signpost
That takes you to home
Now you're looking for a signpost

Back in Disneyland
Cast away island
Still can't comprehend
'Cause the repeats over

Now you're looking for a signpost
That takes you to home
Now you're looking for a signpost

Now you're looking for a signpost
That takes you to home
Now you're looking for a signpost
