Cashing in exploit the misfortune  
Of some poor bastard that eats shit unwillingly  
Millions descend on morbid momentos  
Outpouring of grief means outpouring of cash  
Parade of pestilence  
Parade of pestilence  
Making profits from unfocused affection  
Feeding parasites with wanton delight  
Snapping grabbing all haunting collectables

Top prices paid for the memories of the dead  
Rest forever fear feeds fear  
Rest forever fear feeds fear  
Rest forever fear feeds fear  
Rest forever fear feeds fear
