"The Longest Hate"

Visit "[The Longest Hate](#)" on MotoLyrics.com

Every culture race and creed
Domination runs through its veins
The bad seed
Condemning integration to survive
So vicious is self righteousness
All blood runs red
The longest hate
The longest hate
Time to shed all your fear
Time for you to fight
Time for you to shed some blood
Break the back of hate
The longest hate
The longest hate
Separatist, preaching
From misinterpretation of book
Racist, breeding hate
Ignorance believe in lies
Breeding the hate and fear
Without facts
Fascist nazi dog
Please tell me why?
Why? You fuck?!
