(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)

We can hook up, we can hook up
(We can hook up, we can hook up)
We can get married
This is my gift to you, my love is true
(Gift to you, love is true)
We can get married

Hey, slow down, hold up, I want you to be, want you to
be mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)

We can hook up, we can hook up
(We can hook up, we can hook up)
We can get married
This is my gift to you, my love is true
(Gift to you, love is true)
We can get married

Hey, who'd have thought my babe was on an island of
her own?
Had me smilin' and on the phone same page, different
time zones
God's a real character paintin' caricatures of Christ
And His love for the church endurin' the pain 'cuz it
hurts

When I saw you, I went berserk insane goin' loony and

cartoony

So sue me, you was a vision of beauty truly
Thinking of all the charm to inflect upon my behalf
Forgive me, don't mean to stare, but your hair is down
to your calf

Tell me about yourself, your culture is Polynesian
I love when the breeds be mixin', our blueprint is in
Ephesians
Instantaneously cultures collided, decided we'd ride it
Spent time in prayer separately so we wouldn't have to
hide it

Fictitious image brought to life reflection of love
Carefully inspected with gloves so fragile my darlin'
was
And I ain't need Miss Cleo to reassure me that I got her
Scored big like the opening week of Harry Potter

Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)

We can hook up, we can hook up
(We can hook up, we can hook up)
We can get married
This is my gift to you, my love is true
(Gift to you, love is true)
We can get married

In the beginning, I hesitated, debated within my soul
Wrestling with my feelings of knowing if you was sent
Enduring the distance alone being content
Longing your presence, believing that we was meant

Submitted my intent, I was truly convinced
You're the woman in my life I couldn't breath without
And the one I really wouldn't be complete without
And I wrote this, so you wouldn't have any doubt

Or misunderstanding of what my love is really about
'Cause from here on out, baby, it's all about us
And from here on out, I wanna build on trust
'Cause the union we got, ain't no comparing any other

I'm askin' you to be more than a baby mother

My help mate soul, tie my right hand
Beginning and end and better half of life
To be my lady, my lover, my best friend and wife, hey

Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)

We can hook up, we can hook up
(We can hook up, we can hook up)
We can get married
This is my gift to you, my love is true
(Gift to you, love is true)
We can get married

Hey, slow down, hold up, I want you to be, want you to
be mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)

We can hook up, we can hook up
(We can hook up, we can hook up)
We can get married
This is my gift to you, my love is true
(Gift to you, love is true)
We can get married

(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)
Slow down, hold up, I want you to be, want you to be
mine
Be all mine, be all mine
(Hey baby, hey baby, hey baby)

We can hook up, we can hook up
(We can hook up, we can hook up)
We can get married
This is my gift to you, my love is true
(Gift to you, love is true)

We can get married

Hey, slow down, hold up, I want you to be, want you to
be mine

Be all mine, be all mine

(Hey baby, hey baby, hey baby)

mine

Be all mine, be all mine

(Gift to you, love is true)

We can get married, hey
