This is how we overcome  
So yo' everythings gonna go ma way  
We're here doing this from the mornin' sun  
Ma light  
Up until the break of day  
.....  
Bobbin' bouncin'  
Move yo' head  
We all need counselin'  
We ain't scared  
Goin crazy hittin' walls  
Here all night  
Ain't no pause  
Bangin' bobbin' bouncin' bouncin'  
Bobbin' bangin' bouncin' bouncin' (X2)  
Told ya'll we had a lil' bounce to bang and out your  
range  
It ain't comin' out the same  
We skitzo and over flowin' these lexy messages  
Ment for the soul so the flesh can't detect it  
Don't disrespect just gone' accept  
The south been hot rich man prepin'  
This our weapon bobbin' bouncin' and bangin' beats  
and counselin'  
Every line inclined and designed by devine inspiration  
and time to speak to a certain situation  
To those that hurt in desperation  
This the reason why we came  
Hollerin' talkin' 'bout Jesus came  
So elbows and shoulders get in the motion  
Brake yo' neck and take in the potion  
Coarse  
Ma neck snap back as a direct reaction  
People point, what is that son?  
Parties gonna be lock a jocky  
Up and down like the stairs on rocky  
Revamp the situation  
Ma loyal subject surround incamp the nation  
Breathe life into the obsolete  
Break up the riff raff who can't compete  
Overweight folks lean on the rail  
Its about to break and they can tell

Preach about the bars through the sells  
Speak about the scars times they fail  
March to a different drum  
Free in Christ so cause to get dumb  
Countin' on how he lost his son  
This party ain't free it cost a ton  
Course  
Bridge  
Course  
Move yo head...we ain't scared...hittin' walls...ain't no  
pause  
Bobbin' bouncin' about 5 x
