If you can feel it, feel it  
Then get with it, with it  
We stay witty with it  
So you can get it, get it

We stay above average, stay killin' these tracks, yo  
I stay off in the country but stay city with that so  
Stay keeping y'all guessin', stay in higher demand  
Stay true to who I'm rapping, steady movin' ahead  
I stay original, stay spiritual, never move outta line

If you could read up in between I stay's clear with mine  
Since 89 I stayed straight, no more livin' off state  
The only bars I stay locked in now are 16 or 8  
You wanna stay in the kitchen  
When grits is hot they bubble

Stay poppin' out the top, stay ready to tussle  
Who wanna muscle, flex context in combat with bone  
I'll have you cryin' to your mamma  
Talking 'bout leave me alone, mixed views  
misconstrued  
By the way that we present it

Send it out through verbal lessons  
Herbal essence when we spit it  
If you hit you gone feel it and get addicted, I'll admit it  
The first time's for free but the rest cost life, get it

Bass how low can you go  
Evangelic shatter false hope like a useless relic  
I'm an animal covered with hair insides mechanical  
Guardin' my heart like I'm botanical  
I'm snatchin' satans mandible

I damned him at best with random access  
Forever banished when he left his lies vanished  
Standing in the midst of chaos  
Hours of praying and fasting began to pay off  
At times like these can't take a day off

What I compete with I get street with

My strange language bone crushing anguish  
Pain can't be quenched or vanquished  
My anger rise up its ludicrous the way I throw dem  
bows  
And swell his eyes up, ain't that cute

The honey pot that money got his hand in  
It's funny how he think he got it on lock, he just a stand  
in  
Reprimandin', rebuking 'til you understandin'  
Juke with reckless abandon, you can get it  
Get it, get it, get it

We can get wild child  
Keep looking at me now  
We can get wild child  
You see exactly how
