

## Grits "Millennium"

Visit "[Millennium](#)" on MotoLyrics.com

The last days characterised by sin nature,  
Lustful gallivanting,  
You choose the nomenclature,  
Clearing than water as I overturn the cistern,  
My story's complete,  
Pass to Bone when it's his turn,  
Time's unnecessary for a diligent worker,  
A chance for this philanthropist,  
Post-Jesus circa,  
My pestilence is petulant,  
Rebuke the adversary,  
The world shoot their flatulent blend with commentary,  
1-9-9-9  
Ain't hard to find,  
Face to the grind,  
As you stare at the timeline,  
2 g's  
Who survived this?  
When the smoke settles and the air clears, you're face  
to face with your worst fears.

Wells spring forth,  
What did you bring forth?  
All this time you had,  
Millennium arrival.  
All I really-really wanna see (see) is (is)  
All I really-really wanna see (see) is (is)  
Wells spring forth,  
What did you bring forth?  
All this time you had,  
Millennium arrival.  
All I really-really wanna see (see) is (is)  
All I really-really wanna see (see) is (is)

In the last days many believing,  
Too many sleeping,  
Nobody trying to awaken,  
Worshiping satan,  
Unconsciously in a state of repubate,  
A house divided,  
Righteously unabiding,  
Religiously reunited to the flesh love,

Collections of the best of,  
From the last love,  
Gave up your first love,  
Cursed by complacency,  
Why the dissention from above?  
You used to be dedicated and word related,  
Since you got your goatee you're complicated,  
Thinking you can do what you wanna and still propel,  
and still excel,  
But baby, time will tell.  
Or maybe has it already?  
Is the life you lead the choice of your final destiny?  
The millennium,  
It's the end ya'll.  
The millennium.

Wells spring forth,  
What did you bring forth?  
All this time you had,  
Millennium arrival.  
All I really-really wanna see (see) is (is)  
All I really-really wanna see (see) is (is)  
Wells spring forth,  
What did you bring forth?  
All this time you had,  
Millennium arrival.  
All I really-really wanna see (see) is (is)  
All I really-really wanna see (see) is (is)  
Wells spring forth,  
What did you bring forth?  
All this time you had,  
Millennium arrival.  
All I really-really wanna see (see) is (is)  
All I really-really wanna see is  
Wells spring forth,  
What did you bring forth?  
All this time you had,  
Millennium arrival.  
All I really-really wanna see (see) is (is)  
All I really-really wanna see.
