My life be like Ooh Ahh

CHORUS:

It's times like these that make me say,  
Lord if you see me please come my way.  
Leavin bread crumbs for when I stray  
Rely on sacrifice and the price you paid  
Feel me like a fingertip  
(flow fingertip flow fingertip)  
Sometimes I fall I slip  
My heartfelt desire be more like you  
Trying not to quench your fire by the things that i do

I'm on an island by my lonesome stranded  
Low key and stayin' candid  
Reflectin on the things I try my hand at  
Search for the equations to persuasions I'm used to  
Findin comfort in the zones of closet bones I get loose  
to  
A mountainous fontaine,  
Spinnin and monsoonin  
Grinnin its high octane  
This worlds out wacky  
Rollin down the hills cause lifes a hassle  
Encircled by my folly like a moat surround a castle  
Stay afloat,  
Catch a second wind thin is the air I breathe  
Teary-eyed nose runnin, wipe the snot on my sleeve  
I'm callin on my savior to be all that I need  
Please forgive me my behavior had me lost at light  
speed

CHORUS

The fear of never falling in love  
And the tears after losing the feelings  
Of what you thought love was  
Like the dirt still up under the rug  
(My life be like)  
Bad characteristics covered in Christ's blood  
The joy of new birth and the pain of growing up  
The bliss between giving my all and giving up  
The highs and lows,

Paths and roads I chose  
In the cold I froze  
Trying to ease my woes  
In this world of sin  
Clothes to thin to fend  
So to God I send  
Words of help to win  
In grumblings so deep letters could never express  
So the sounds of Ooh Ahh beneath my breath projects

#### CHORUS

My life be like (Toby Mac)

My life be like ooh aah ooh  
Come young diti  
Here comes that boy from the capital city  
Last up on the Grits new diti  
But eight bars of the truth will do, eh  
I believe there's a bride thats stunning,  
And I believe in the kingdom coming  
I believe if you seek the truth,  
You don't need to look far cuz it's gonna find you

So why, oh why, do I trip and stumble?  
And ooh ahh as commitments crumble?  
I can't believe that I'm hear again
