what's happenin' with ya?

[bonafide]

what's happenin'?

what's happenin' shawty?  
i ain't seen you 'round in a minute  
you done growed up and swolled and lookin' tented  
i saw ya moms around the way  
you know she put me up on it  
how you been runnin' 'round with dre and takin' trips up  
the road  
what lakeisha doin'?  
oh ya'll ain't together no mo'?  
fo' real man?  
i can't believe she over there stayin' with joe  
cause didn't his door just get kicked in?  
i thought he just get out hte pin and goin' back again  
i heard he ain't gone do no less than ten  
that's a shame man  
the game done put another one down and truth tell  
you 'bout three feet and half way in the ground  
dawg you better than this  
don't let that money make you no fool  
by now you could of graduated and been finished with  
school  
but anyway  
i just wanted to try to say ma 'til piece  
don't be deceived boy

you ain't gone find ma love in these streets  
and that heat you hold ain't nothin but false power and  
control  
and that drove gone keep you blind from that potential  
in yo' mind  
look man i ain't yo' daddy  
and ain't tryin' to be neither  
but i love you like you mine  
and i want you to see  
you wanna be a man, then face the one that's given  
you life  
and live to do his will cause shawty that's what's  
happenin' for real  
(for real)

course

tell me what's happenin'  
i'll be on ma way  
(i'll be on ma way)  
(shawty what's happenin'?)  
i won't make you wait too late  
(shawty what's happenin'?)  
i'll be right on time  
(what's happenin'?)  
(shawty what's happenin'?)  
i won't make you wait too late  
(i'll be on ma way)  
i'm comin' (what's happenin'?)  
harmanizing

[coffee]

what's the hasp? the haps  
you spent from all them laps and caps and piece  
have to speak ma mind  
carrying these thoughts for weeks  
how do i get through to a nation whos loss ain't got no  
indication?  
informations when i'm facin'  
pacin' strategicly man your relation  
so many gutter minded  
big behinded  
exposed to evils they themselves are givin' life to  
mirrored image  
look just like you  
boy you just a pawn  
scripted part like goldie hawn  
playin' a role with no control  
cashin' checks yo' name ain't on  
got that real

that raw  
dopest catch you ever saw  
congruent with that shine of fluent  
country boy from arkansas  
grateful to be here  
pre-destined manifestin' blessin's  
learn life lessons  
know yo' place and role  
quite second guessin'

course and harmanizing

i'll be on ma way  
won't make you wait  
i'll be on ma way  
won't be too late  
won't make you wait  
i'll be on ma way  
won't make you wait

repeat 'til fade out
