I am too tired of running  
Would you still take me though  
I keep falling To hear you say  
I have been waiting  
And to know your love it is never ending

I long to see you again  
Holy Spirit please come back in

I could never walk alone  
All this time I never gave to you  
You're all I have you're all I know  
And I am calling on you now

I give you my life won't you take me  
For I was nothing before you found me  
I will use my voice to sing out  
With all that I am, with all that I have

I long to see you again  
Holy Spirit please come back in

I could never walk alone  
All this time I never gave to you  
You're all I have you're all I know  
And I am calling on you now

How many times will I deny you  
Still your love won't let me go  
How many times will I deny you  
Still your love won't let me go

I long to see you again

I could never walk alone  
All this time I never gave to you  
You're all I have you're all I know  
And I am calling on you now  
I'm calling on you now,  
I'm calling on you now,  
I'm calling on you now
