### **"This Is..."**

This is a collective portrait, painted in words by the subjects themselves,  
Like all portraits, the composite effect depends, to a large degree, on the angle of vision of the artists.

This is no...this is no...this is no...this is no...this is no...simple reform,  
It really is a revolution.

This is a collective portrait, painted in words.

This is no...this is no...this is no...this is no...this is no...simple reform,  
It really is a revolution.

This is a collective portrait, painted in words.

This is no...this is no...this is no...this is no...this is no...simple reform,  
It really is a revolution.
