hook

El tiempo esta passando

El tiempo esta...

(Is it all yours, time is passing away. time is passing away)

bonafide

My chronological line

Was designed by the divine

At times my minds vision

Was found to be blind

Sometimes I felt like

I lived life with eyes sown up

Nothing but sounds and voices

Surrounding me within the blackness

Walking cautiously

Only God guiding me

Abiding in me

Independently I fail myself

Images of my history

Is haunting at times

Taunting at times

Confronted most times

How is spent mines

Tempted frequently

To feed the need

Of past relations

Found struggling attaining more scars

Through inner battling

Wondering will I make it

Plundered through ways to shake it

Remembering what was written

My only method

To break it

Being locked in this life

connected to christ

His will and my destiny

My reason and purpose for birth in life

For a minute was contended

With whatever was presented

If it's sin

I was in it

In the flesh represented
Supressing truth in which was hid
In my spirit ignoring guidance
Rebelling against His voice

With choices in pure defiance
Then I asked myself
Was it designed to be mine
If so
I found I wasted the blessing
Of precious time

hook

coffee
Perpetrated me
A serious fraud
So don't applaud
Feeling sawed in two
Part of me scattered all about
With the other half
Appearing and domineering
My steering
Mentality of bangbanger
To topple my dopple ganger
With excessive force
No doubting
While re-routing course bouting
What might endorse
Waters of hell, just to prevail
"Don't fail"
The voice saying magically
What tragedy entail
The terror won't take my will
To conquer error
When the time has passed and gone
The ending will be
"Me at home"
I brought it to you plainly
(Just like that)
Don't let it pass you by
(Just like that)
Time is ticking away
(Just like that)
Uh-huh uh-huh
(Just like that)

hook

coffee
What's my passion?

I love to see people hashing
Thru all life's problems
Whatever it has to offer
Situations come
Do you face it
Do you run
Look it right between the eyes
Succumb and be Hypnotized
