Yo

You wanna know why we do this

We keep speakin' these verses  
In purpose of breakin' curses  
With persecutorial surface keep tryin' to  
Put us in hearses it seems  
Even the churches been blinded for recognizin' our  
talent  
It's part of the plans of God reachin' man

Understand so many searchin', understand so many  
hurtin'  
Flirtin' with death, and slowly closin' the curtain on  
hope  
To find a better way, a brighter light and darker days  
Strike the spark to start, and burn a bluer blaze  
Maybe we missed it but um, what if we didn't these  
drums  
Maybe the difference is needed for when it sums

So I dedicated my body to be the sacrifice  
Livin' and the beat it copy write written to raise dead  
And the course read led by be sweat  
Which is to be the beacon they seakin', when somethin'  
has gotta give  
So eternal existence is not a tellital mistant  
But a reality of faith, believin' in He, recievin' through  
me

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
To we be easily  
Where r u goin'?

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
To we be easily  
Where r u goin'?

Happiness is my accomplice  
Part of myself, up outa this rut without a map or  
compass  
Doin' good is so presumptuous  
It's one of my many functions  
I got the skinny anyone of y'all walkin' awful penny  
That's why I speak so gently

Help out like Farnsworth Bentley  
Just do my part and put my heart and whole, though  
trials may tempt me  
Play full of the emotions pinley  
Speak through my actions lately  
Problems is stackin' baby  
Control the freak in me secretly that's what's crackin'  
baby

And you don't have to hate me  
Or under rate what I do  
Conviction with diction I choose to use expressin' my  
view  
Tell me whose land we on  
And get a gander of the man and conversate  
(Oh)  
When and whose gate we landed on

Attackin' my defenses  
So relentless knock me senseless  
And I woke to those ones faces and the traces of  
repentance  
Baby gotcha smellin' the guns smoke smoke  
I awoke profusely and loosely  
Evoke the one quote

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
To we be easily  
Where r u goin'?

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
To we be easily  
Where r u goin'?

Call and I'll be there  
Talkin' to you now  
Call and I'll be there  
Talkin' to you now

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
(Call and I'll be there)  
To we be easily  
Where r u goin'?  
(Talkin' to you now)

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
(Call and I'll be there)  
To we be easily  
Where r u goin'?  
(Talkin' to you now)

Call and I'll be there  
Talkin' to you now  
We do, to believe in me  
(Call and I'll be there)  
To we be easily  
Where r u goin'?  
(Talkin' to you now)

Call and I'll be there  
Talkin' to you now  
Call and I'll be there  
I will let you talk

Call and I'll be there  
Talkin' to you now  
Call and I'll be there  
I will let you talk
