I don't know how to make lots of money
I've got dephts that I'm trying to pay
I can't buy u nice things
Like big dimond rings
But that don't mean much anyway

I can't give u the house u've been dreaming
If I could I could build it alone
I'd be out there all day
Just a hammering away to make us a place of our own

* I will write u a song
That's how u'll know that my love is still strong
I will write u a song
And ull know from the song that I just can't go on
Without u

I don't know that I'd make a good soldier
I don't believe in being violent and cruel
I don't know how to fight
But I'll draw blood tonight
If some1 tries hurting u

* I will write u a song
That's how u'll know that my love is still strong
I will write u a song
And ull know from the song that I just can't go on
Without u

Now that it's settled the table(settled the table)
Both of us knew all along(knew all along)
I've got ur loving and u've got my song

I don't know how to make lots of money
I don't know all the right things to do
I can't say where we will go but the one thing I know
Is how to be a good man to u

* I will write u a song
That's how u'll know that my love is still strong
I will write u a song
And ull know from the song that I just can't go on

Without

* I will write u a song

(I will write u a song)

That's how u'll know that my love is still strong

(love is still strong)

I will write u a song

And ull know from the song that I just can't go on

Without u
