Taste it in the air so sweet
Because they come alive
My visions of the city street
All of electrify

I feel your heat
I never wanna let you go
I rock too this beat
I'm standing here to let you know

Yeah you can write me a love letter
But there's nothing to say
Don't wanna take a chance on your paper romance
anyway
Yea you can rub it off much better
If you come away

My golden heart beats for you
My golden heart beats for two
I feel my pain
The time it takes
For us to change
It's gonna happen anyway

I feel your heat
I never wanna let you go
I rock to this beat
I'm standing here to let you know

Yeah you can write me a love letter
But there's nothing to say
Don't wanna take a chance on your paper romance
anyway
Yea you can rub it off much better
If you come away

Yeah you can write me a love letter
But there's nothing to say
Don't wanna take a chance on your paper romance
anyway

Yeah you can write me a love letter
But there's nothing to say
Don't wanna take a chance on your paper romance
anyway
Yea you can rub it off much better
If you come away
