

Grizzly Bear "Slow Life"

I think I know what's on your mind
A couple words, a great divide
Waiting in the wings, a small respite
Crowding up the foreground from behind

Even though you're the only one I see
It's the last catastrophe
Place your bets on chance and apathy

Take anything you want, it's fine
Keep up the slow life for the night
Don't take it back, I'll just deny
This constant noise all the time
Even though you're the only one I see
It's the last catastrophe
Place your bets on chance and apathy
From the wind in front of me

Even though you're the only I see
It's the last catastrophe
Place your bets on chance and apathy
From the wind in front of me

Even though you're the only I see
