Fallen once, you'll fall again  
And lean on  
Your tired hands, the crawling grass  
The soft ground

By the look on your face  
You set out on a path  
Never to arrive

By the look on your face  
The burden's on your back  
And the sun is in your eyes

[Hook]  
Stretched out, fallen wide  
The light has scorched the same  
So bright, so long  
I'm never coming back

Every stone and every step  
I won't recall  
Emptied out of every thought  
To soft ground

By the look in your face  
The burden's on your back  
And the sun is in your eyes

Gone at last

[Hook]

It overflows, it overflows  
It always runs  
It overflows, it overflows  
It always runs  
Silver inside  
Endless abundance overflows

Silver inside  
Rushing on

Endless abundance overflows  
Always surround you, always glows

Look on your face  
Burden's on your back  
Sun is in your eyes

[Hook]

So bright, so long  
I'm never coming back
