Love, why do we need it?
Love, when no-one understands it
Love, it's not the way it's meant to be
Love, love was made for you and me

Somebody help me, it's takin' over now
From the minute we begin to the minute we fade out
There's love x2

It picks me up, then pulls me down
20 feet below the ground
Somebody help me, love's takin' over my heart x2

Words can't tell you how much I love you, baby

Letters can't express how I feel
Just because noone understands it, honey
This love is for real

It picks me up, then pulls me down
20 feet below the ground
Somebody help me, love's takin' over my heart x2

Somebody help me, it's takin' over now
From the minute we begin to the minute we fade out
There's love x2

Love
