Visit "[Drop That Thing](#)" on [MotoLyrics.com](https://MotoLyrics.com)

This is the part when your booty drops  
Shake it and wiggle it make it pop  
This is the part when your booty drops  
Drop that thing

This is the part when your booty drops  
Shake it and wiggle it make it pop  
This is the part when your booty drops  
Shake it and wiggle it make it pop, ok  
This is the part when your booty drops  
Shake it and wiggle it make it pop  
This is the part when your booty drops  
Drop that thing

Put your hands to the top of the groove  
And then we just wind what you want bwoy  
And then we just wind what you want yeah

Drop that thing, drop that thing

This is the part when your booty drops  
Shake it and wiggle it make it pop  
This is the part when your booty drops  
Shake it and wiggle it make it pop, ok  
This is the part when your booty drops  
Shake it and wiggle it make it pop  
This is the part when your booty drops  
Drop that thing

Put your hands to the top of the groove  
And then we just wind what you want bwoy  
And then we just wind what you want yeah

This is the part when your booty drops  
Shake it and wiggle it make it pop  
Ok, ok, ok, ok, ok
