Love, love has happened to me
And I just want to be free
Relive my life without the worry

Don't wanna press my luck too far
Don't wanna cross too high, too far
Don't wanna find my joy to lose it all

I'm loving everything we do
And I don't mind giving it all to you
I'm loving everything we do
And I don't mind giving it all to you

I said I'm loving everything you do

Life, life is much too precious
And I'm looking for better
Ways to spread my wings and enjoy

Don't wanna press my luck too far
Don't wanna cross too high, too far
Don't wanna find my joy to lose it all

I'm loving everything we do
And I don't mind giving it all to you
I'm loving everything we do
And I don't mind giving it all to you

It doesn't feel the same, the same as you
Love takes its time when it's on you
I don't know, I don't know

Love, love has happened to me
And I just want to be free
Relive my life without the worry

Don't wanna press my luck too far
Don't wanna cross too high, too far
Don't wanna find my joy to lose it all

I'm loving everything we do
And I don't mind giving it all to you

I'm loving everything we do
And I don't mind giving it all to you

I just can't, I don't know, I don't
know

It doesn't feel the same, the same as you
The same as you, the same as you
