Kiely says stop
Turi says go
Adrie says stop
Poststars you ready to play

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

When you made your move
I knew it was on
Tried to turn me out
With your looks and charm

Guess you thought that
You had this one won
You guessed it wrong
'Cuz the game just begun

Do I look like I was born yesterday?
You better find another girl to play
I must admit your game was kinda slick
This time you met your match, I'm up on it

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow

'Cuz you can't pass go, 'til I say so

Wanna take some time
And feel things out
Stakes are high
And I got some doubts

Pressure's on
Things are touch and go
Should I raise you, boy?
Or should I lay low?

Do I look like I was born yesterday?
You better find another girl to play
I must admit your game was kinda slick
This time you met your match, I'm up on it

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

Yo baby, you dangerous
You and your crew wanna hang with us?
Maybe, but you be actin' so shady
You done, picked the wrong ladies

It's Kiely, T and Adrie
Baby, you feelin' that? Uh-huh
You wanna bring it back? Uh-huh
You ain't gettin' that

I'm sayin' though, no one goes 'til I say so
Take a step back, you lay low
Little women get them pesos from the stage shows,
whoa
You don't know? Now you do

I'm tellin' you, stand off
I'm sorry, cut your plans off
Look all you want but hands off, uh

I can tell that you're feelin' me
And from the corner of my eye

I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
From the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're feelin' me
And from the corner of my eye
I see you checkin' me
But boy, you better take it slow
'Cuz you can't pass go, 'til I say so

I can tell that you're
