I got the game in the bag  
Put my money in the bag  
Where my pants wit a sag  
Where I'm at in the lab  
Niggas want what I have  
What's that it's a jag  
Leather seats with the heat  
And On top it's a rag  
Yo and every now and then I might floss might brag  
Cause ain't to many niggas got what I got in the bag

Now turn it up just a tad  
This is not just a fad  
I am bad with this mutha fuckin pen and a pad  
I will not wear shag skinny jeans with the plaid not  
because I think it's wack but because it's not my swag  
I am not still a lad so my songs may not have what's  
appropriate for teenie boppers this is for the grads  
I have never sold crack... but I command ten  
Thousand times a thousand divided by ten friend

When it comes to paintin pictures my lyrics tell the story  
a walkin dictionary  
I'm a fuckin allegory  
In school spent my time actin up in laboratories  
But now I by my shoes in stack up in categories lifes  
crazy  
And everyday it still amazin  
They say that rap is silly so it's funny how it pays him  
my mama proud of me so fuck you if u hatin I do it for  
the art so whatever u sayin...

Atl where u at Kansas city got my back, I was born to  
rap born to hold mic born to snap, NYC where u be I'll  
be back in bout to week, I'm a hit the streets I'm a sell  
some beats. Make some cheese  
INV EST put my money back in me  
The best investment I can make and I make bank so let  
me see my 16's check  
My niggas on deck, and we about to run this bitch  
before I even bust a sweat  
Now I'm almost done these verses just for fun

And You cannot see mr like you tryna stare directly at  
the sun yo flow is water gun my rap is pisrol Pete my  
misdirection keep you guessing can you guess who  
made this beat they feel me in the street they bump it  
in the club

So niggas smoke ya smoke and drank ya drank and  
show ya boy some love

And then when u get home just turn your fm on then  
call yo DJ tell him play my mutha fuckin song
