[Instrumental Solo for 20 seconds]

What a force of nature
Is falling down to earth
Seas of tears and sadness
No-one knows my world

No reason for existence
To be or not to be
It's just a scene of madness
All the signs I was too blind to see

[Instrumental Solo for 43 seconds]

Back on wasted places
The end of time's been reached
Covered human faces
I can get no sleep

Like a force of nature
Pain is flooding me
My scene of perdition
No reply to what it means to be

[Instrumental Solo for 1 minute, 2 seconds]
