Nothing left for me to say,  
I can't even stop the rain from falling  
Down into my eyes  
Nothing left for you to speak  
For a moment I am weak  
So I can't hold my tears from falling in the night.

Close your eyes and let me go my way  
Cause I can't, baby, I can't stay

Let me love you,  
Baby, hold me tight  
From days dawning deeper in the night.  
I won't kiss you when it means goodbye,  
So leave me dancing in November night  
Leave me dancing in November night

Slowly moments passing by,  
As I walk away and try  
To go back and turn the hands of time.  
Slowly memories hit my mind

Only part of them revise  
See the reason through this rainy winter night.

Close your eyes and let me go my way  
Cause I can't, baby, I can't stay

Let me love you,  
Baby, hold me tight  
From days dawning deeper in the night.  
I won't kiss you when it means goodbye,  
So leave me dancing in November night  
Leave me dancing in November night

(Baby, hold me tight  
From days dawning deeper in the night.  
I won't kiss you when it means goodbye,  
So leave me dancing in November night  
Leave me dancing in November night)
