GROOVE COVERAGE

Miscellaneous

You

Verse 1

Never ever deep in love never had a home,  
others holding hands all day while I was on my own.  
Would you take my hand would you run away with me,  
to a destination where we can be so free.  
Never ever felt this way where have you been before,  
I was searching all my life now you knock on my door.  
Would you take my hand would you ran away with me  
to a destination where we can be so free.

Refrain:

And I can be your girl, be your girl tonight,  
and I can see the world I see it in your eyes.  
We can be, you can be, they can be too,  
as long as there's eternity as long as there is you.

Verse 2

My emotions getting strong your heartbeat close to  
mine,  
if I can be your girl tonight across your soul I sign.  
Would you say my name when I'm sleeping next to you,  
and would you say it loud when I'm laying over you.  
No one does it better no one loves the way you do,  
as long as there's eternity believe me there is you.  
Would you say my name when I'm sleeping next to you,  
and would you scream it loud when I'm laying over you.

Refrain:

And I can be your girl, be your girl tonight,  
and I can see the world I see it in your eyes.  
We can be, you can be, they can be too,  
as long as there's eternity as long as there is you.

Brigde:

I wanna be your girl tonight with you right here by my  
side,  
one thousand miles I'd run for you into infinity.

Refrain:

And I can be your girl, be your girl tonight,  
and I can see the world I see it in your eyes.  
We can be, you can be, they can be too,  
as long as there's eternity as long as there is you.

Refrain:

And I can be your girl, be your girl tonight,  
and I can see the world I see it in your eyes.  
We can be, you can be, they can be too,  
as long as there's eternity as long as there is you.

Refrain:

And I can be your girl, be your girl tonight,  
and I can see the world I see it in your eyes.  
We can be, you can be, they can be too,  
as long as there's eternity as long as there is you
