### "Summer Rain"

Oh, my love, it's you that I dream of,  
oh, my love, since that day,  
somewhere in my heart i'm always  
dancing with you in the summer rain.

Every night and every day now,  
though I know you've gone away,  
somewhere in my heart I'm always  
dancing with you in the summer rain.

Oh, my love, it's you that I dream of,  
oh, my love, since that day,  
somewhere in my heart i'm always  
dancing with you in the summer rain.

Every night and every day now,  
though I know you've gone away,  
somewhere in my heart I'm always  
dancing with you in the summer rain.
