Hey U

I hope you know what I been goin' through, baby
I wonder if you're goin' through it too
But I'm afraid to face what might be true, hey u

I remember the day
It hit me that I really loved you way
I thought for sure I'd be here to stay baby
To my surprise I'd soon be running away, running away

If I ever see you walkin'
I won't know what to say, or do
So what's the use in talkin'
All that's left to say is, hey U, hey U

Those times, were some of the happiest in life
I count the years since I left you behind
Oh, stayed with me like Georgia on my mind
Never left my mind, no, no, no, no

These eyes, have searched the land from moon fall 'til
sunrise
Searchin' for just one good reason why, oh why
Why'd you have to go and do me so wrong
Oh, yet do me so right

If I ever see you walkin'
I won't know what to say, or do
So what's the use in talkin'
All that's left to say is, hey U, hey U, hey U

Whether it's right or wrong, you share a life
With the one you loved before you met me
If I could stop holding on, and wondering why you are
gone
Then I would be free, ohh, I would be free

If I ever see you walkin'
I won't know what to say, or do
So what's the use in talkin'
All that's left to say is, hey U, hey U, hey U

Hey U

Well

I'm only gonna say, hey, hey, hey U

Oh yeah

Hey U, hey U, hey U

Hey U, hey U, hey U

Hey U, hey U, hey U

Hey U
