You've been missin'
Out on all the chances you've been given
Is it something within
Holding you back instead of livin'

Your day is coming though it seems far
Things will be clear when you love who you are
Nothin' can stop you as long as you listen to your heart

Lift your head to the sky and keep tryin'
Believe in you and it will take you higher
Lift your head to the sky and keep tryin'
Believe in you and it will take you higher

You have sorrows
Everywhere you turn they seem to follow
If you let go
Happiness will come to you tomorrow

Your day is coming though it seems far
Things will be clear when you love who you are
Nothin' can stop you as long as you listen to your heart

Lift your head to the sky and keep tryin'
Believe in you and it will take you higher
Lift your head to the sky and keep tryin'
Believe in you and it will take you higher

You can make if you try, you can make it

Lift your head to the sky and keep tryin'
Believe in you and it will take you higher
Lift your head to the sky and keep tryin'
Believe in you and it will take you higher

Lift your head to the sky and keep tryin'
Believe in you and it will take you higher
Lift your head to the sky and keep tryin'
Believe in you and it will take you higher

Lift your head to the sky and keep tryin'
Believe in you and it will take you higher

Lift your head to the sky and keep tryin'
Believe in you and it will take you higher
