I can feel it when I'm lying down.
I can feel it when I walk around.
I can feel her influence over me.
I can struggle but I can't break free.
She's got a brain scrambling device, I feel it in my
head.
She's got a brain scrambling device, power
concentrated.

She's got a brain scrambling device, I feel it in my
head.
She's got a brain scrambling device.
Tried to remove it with a kitchen knife, but I just about
removed my life.
Tried to remove it with a pair of pliers, but I couldn't
disconnect the wires.
