Deep in the African Jungle
Behind a giant wall
There lives a huge gorilla
The most monstrous monster of all
His name is commonly called "King"
And you can tell why in a glance
When everyone starts jumping
He goes into his dance

Well its the King Kong stomp
(There's no escape)
The King Kong Stomp
(He just goes ape)

And the jungle swings with a mighty sound
When King Kong starts to monkey around

All the natives, they worship him
And prepare his favorite feast
And he's always guest of honor
When he has a jungle feast
And the jungle drummers
They play a beat that they really know he'll dig
And the giant Kong puts on a show
Thats really, really big!

Well its the King Kong stomp
(There's no escape)
The King Kong Stomp
(He just goes ape)

And the jungle swings yeah with a mighty sound
When King Kong starts to monkey around
