This is an open letter  
To make up for all the one's  
I did not write to you before

Just to say you still matter  
Even if our roads have scattered  
A friendly parting of the ways

All the memories, great places  
Wild imagination races  
We had such different worries then

Our own theories, solved cases  
youg minds and glowing faces  
Will link us thru the test of time

I know, it's been quite a while  
I'm several years behind  
I don't want to let go

when you look, I won't be hard to find  
I know, I've been a no show  
A thousand days behind  
I know, when we meet again  
We'll really make it worth our while

By the way, I'm O.K.  
Not too bad, not too great  
We all have our share of dismay

I reckon you have met  
New people or better yet  
The long lost love of you life

We've losing the fine art of taking our sweet time  
We're now in such a rush to get a life  
before we die
