featuring Josh Franceschi of You Me At Six

Let's fuck, till the suns comes up  
Till the echo rumbling?  
And over and over and over again.  
Don't stop till your feelin' wet.  
I have no shame,  
Your no better ,  
One more time we are together,  
How do you say goodbye?

How do you say goodbye,  
When you've hardly said hello?  
The only way we know,  
The only way we know,  
The only way we know,  
The only way we know.  
How do you say goodbye,  
When you've hardly said hello?

Let's fuck, fuck, fuck, fuck, fuck!  
Let's fuck till our lungs give out,  
It won't be long.  
A night to remember, a day to forget.  
If our lives were diamonds we'd be rich.  
Your voice makes my heart skip beats,  
So, keep quiet before it quits on me.  
Your voice makes my heart skip beats,  
So, keep quiet before it flat lines.  
Before it flat lines.

I've been terrible at night.  
We can only wake up here in this bed.  
Sunken into you; tangled in sheets.  
Buried in blankets six foot deep, again.  
Kick it.

Let's fuck, till the suns comes up

Till the echo rumbling?  
It's hard to remember, I didn't forget  
Don't stop till your feelin' wet.

I have no shame,  
Your no better,  
One more time we are together,  
How do you say goodbye?

How do you say goodbye,  
When you've hardly said hello?  
How do you say goodbye,  
When you've hardly said hello?

We're young and in love,  
Heart attacks waiting to happen,  
So come a little closer, tell me it's all in our heads.  
We're young and in love,  
Heart attacks waiting to happen,  
So come a little closer, tell me those three little words.

We're young and in love,  
Heart attacks waiting to happen,  
So come a little closer, tell me it's all in our heads.  
We're young and in love,  
Heart attacks waiting to happen,  
So come a little closer, tell me those three little words.

We're young and in love,  
Heart attacks waiting to happen,  
So come a little closer, tell me it's all in our heads.  
We're young and in love,  
Heart attacks waiting to happen,  
So come a little closer, tell me those three little words.
