Show me how to kill you.  
You shed light then she'll get all broken.  
Hurry up and get home my dear, where the fuck you  
been?  
Can't you take a purpose with the shape of a better sin?  
You're so fucking contradicting.

The clones come back on the bridal day.

The clones come back on the bridal day.  
The clones come back on the bridal day.  
The clones come back.  
The clones come back.  
The clones come back on the bridal day.  
The clones come back on the bridal day.

The clones come back.  
"Put on your best dress", the words you awaited.  
"Put on your best fucking dress", the words you  
awaited.

Why can't you just...

You're better leagued, and I try to grab your body.  
To drag your gravestone.  
To drag your gravestone.

Just leave it all fucking alone.  
I shall kill your murdered soul.

I will dance on your grave.  
I will dance on your grave.
