Fuck you,  
you took what you wanted and left, like locusts.  
everything I gave to you, everything that we've been  
through  
you bled me dry and then left, like leeches.  
go, you got what you could now leave, like vultures

ripped apart in minutes what was built in seven years  
the ink scarred on your back may as well of  
disappeared  
for as long as I remember, you sold everything you  
owned  
but now you sold our friendship, you're on your fucking  
own.  
(because)

If I had it my way I'd slit your throat with the knife

you left in my back  
all the shame, all this guilt, all this regret, that's me  
I'm inside of you and this is your world  
fucking falling apart mate, from the inside out.  
everything will fall at your feet - you got hell to pay

and you better fucking bow down to me  
you better beg for mercy  
get on your fucking knees and cry me a fucking river

sleep with one eye open  
sleep with one eye open  
sleep with one eye open  
best friends means forever, cunt
