Lord, I've got a problem  
And I can't find the solution, no  
I'm seeing all these people  
Always searching for improvement

We're always looking for that next thing to satisfy  
But all I see is broken hearts, so many sleepless nights  
Help me Lord to help them  
Fill that empty feeling inside and we say

So if you really wanna know who you are  
No more wondering and looking so far  
The truth is right in front of you, don't let it go  
You need to come back home

'Cause everything you need you can find in Him  
Faith in yourself to believe again  
Don't let all this time just pass you by  
You need to come back home

No, I don't wanna be alone, no  
I can't do it on my own, no

I'm lookin' all around the world and trying to find who I  
am  
And realizing more and more that it's the plight of all  
man  
I wanna know what am I here for and where do I stand  
Within the scope of all eternity and destiny's plan

I keep replaying all the things they told me when I was  
young  
That I could be whatever I wanted to be but I'm far from  
The dreams I had 'cause all I ever seem to feel is bad  
I'm trying not to be like dad or try to follow every fad,  
no

So if you really wanna know who you are  
No more wondering and looking so far  
The truth is right in front of you, don't let it go  
You need to come back home

'Cause everything you need you can find in Him  
Faith in yourself to believe again  
Don't let all this time just pass you by  
You need to come back home

From young to oldest we've all asked ourselves the  
same questions  
Questioning if there's something more than where we  
all have been  
Many have spent their lifetime in research to find  
solutions  
For the purpose of man-kind and what's the real reason

Why we're here and why do we operate the way we do  
And why do we continue to wonder without any clues  
We won't put up no more with those who try to make us  
clones  
We find ourselves in the blood of He who sits on the  
throne

So, so lost I just can't find my way  
Lord I really need You to help me, yes  
So, so lost I just cant find my place  
Place

So if you really wanna know who you are  
No more wondering and looking so far  
The truth is right in front of you, don't let it go  
You need to come back home

'Cause everything you need you can find in Him  
Faith in yourself to believe again  
Don't let all this time just pass you by  
You need to come back home

Gotta stay, gotta stay  
In your arms so I can't get away  
Ya ya, yo no, I know  
What it is so I tell him gotta love, oh

Gotta stay, gotta stay  
In your arms so I can't get away  
Ya ya, yo no, I know  
What it is so I tell him gotta love, oh
