verse one

it's going down  
uh, the night's young  
you can call it underage  
it's going down, a bad stock trade

life's a trip  
watch your step  
if i'm going down  
i'm going down fresh to death

pre chorus

'cause i ain't come to kill the party  
i'm just here to get it started  
put your hands in the sky

yeah, and if you're feeling ready  
'cause the bass is heavy  
let me see you on the floor, show me why

chorus

that tonight it's goin' down-down-own down-down-  
own down-down-own down  
tonight it's goin' down-down-own down-down-own  
down-down-own down  
tonight it's goin' down  
till the sun come up and i feel like i just had the time of  
my life  
tonight is goin' down  
got the whip tuned up and the top rolled back hands up  
in the sky  
tonight is going down down down down

verse two

it's going down if you want it and not afraid to get  
up on it  
we gonna hustle till we own it, that's right

even if i UNKNOW the old town  
this is how we get down  
ain't nobody playin' round  
it's our time, yeah

uh, i ain't gotta let you know just what it is  
too cool for these kids, where da fridge?  
we go hard  
you go home  
we ain't leavin' til the break of dawn

pre chorus

cause i ain't come to kill the party  
i'm just here to get it started  
put your hands in the sky (put your hands in the sky)

yeah, and if you're feeling ready  
cause the bass is heavy  
let me see you on the floor, show me why

chorus

(tonight it's goin' down)  
tonight it's goin' down-down-own down-down-own  
down-down-own down  
tonight it's goin' down-down-own down-down-own  
down-down-own down  
tonight it's goin' down  
till the sun come up and i feel like i just had the time of  
my life (just had the time of my life)  
tonight it's goin' down  
got the whip tuned up and the top rolled back hands up  
in the sky  
tonight it's going down

bridge

yeah, you could roll a big boy  
playing with the big toys  
you can have your money  
fallin' out your sky  
you could be a hipster  
playing with the sisters  
broke with your pockets hangin' out the side

eh, you could be a big girl  
livin' in a rich world  
lookin' out of reach when your doin' your thing  
you could be a small town girl  
in an up-town world  
getting by still livin' the dream  
yeah, it's goin' down

chorus

it's goin' down-down-own down-down-own  
down-down-own down  
tonight it's goin' down-down-own down-down-own

down-down-own down  
tonight it's goin'™ down  
till the sun comes up and i feel like i just had the time  
of my life  
tonight it's goin'™ down  
got the whip tuned up and the top rolled back hands up  
in the sky  
tonight it's goin'™ down
