"Livin' The Life"

They say what goes around comes around in this merry
go-round of life I've paid for my
mistakes more then twice Unfortunate to have a
fortune at younger life Sparked a light to want
things that were nice So I spent my nights tapping on a
beat machine I lost sleep so I wouldn't
have to lose my dreams Chose Christ an forgot about
what Pablo needs And Since then hes met all
of pablos needs A better life than this is hard to believe
I don't own a Bentley or a house in
the keys I plant seeds in the garden of eternity So when
the future comes my life will
everything that it needs

I used to be that little boy who always fiddled with good
and bad lifes a joke and I would
play the riddle, I used to play it off the monkey in the
middle, fickle I was and did what
tickled my fancy this kiddo was tryin to be a man, but I
couldn't understand in order to live I
had to put my flesh to rest, so nighty night manny,
dream of grammys and mammy cookin' your
favorite dish as you wish for cameos and I know that
my life is so much better now, and it
shows that I've grown your grace it taught me how, to
make the best of this life cause after
all it's the only one that I got so I'm glad I answered
your call

[Bridge]

It doesn't matter where you're from it matters where
you're at let me hear ya holla back, oh ya [x2]

You see my life hasn't always been a nice bouquet of
roses, I remember when we had nothing I
was left wishing and hoping, that there's more that can
make me happy than the life that you
see on TV, but you came and you showed me what it
means to live life in the way it was meant to be
