This is what the life

I used to be that little boy who always fiddled  
With good and bad, life's a joke and I would play the  
riddle  
I would just laugh it off the monkey in the middle  
Fickle, I was and did what tickled my fancy this kiddo  
Was tryin' to be a man, but I just couldn't comprehend  
In order to live I had to put my flesh to rest

So nighty night, manny, dream of grammys  
And mammy cookin' your favorite dish as  
You wish for cameos and I know that my life is so much  
better now  
And it shows that I've grown, your grace it taught me  
how  
To make the best of this life cause after all it's the only  
one that we got  
So I'm glad I answered your call

I can't believe where you've taken me  
You give me hope to believe now I'm living the life  
Now, everybody put your hands in the sky  
We gotta a brand new life to try, it feels good, don't it?

So many times I just looked, didn't see  
You protected me, now I'm living the life  
The good times, now they all make way  
Because this is so fine  
Oahaha, livin', livin' the life, oahah, livin', livin' the life

They say, what goes around comes around  
In this merry go round of life, I've paid for my mistakes  
More than twice unfortunate to have a fortune at  
younger life  
Sparked a light to want things that were nice

So I spent my nights tapping on a beat machine  
I lost sleep so I wouldn't have to lose my dreams  
Chose the light and forgot about what Pablo needs  
And since then he's met all of Pablo's needs

A better life than this is hard to believe  
I don't own a Bentley or a house in the Keys  
I plant seeds in the Garden of Eternity  
So when the future comes my life has everything that it  
needs

I can't believe where you've taken me  
You give me hope to believe now I'm living the life  
Now, everybody put your hands in the sky  
We gotta a brand new life to try, it feels good, don't it?

So many times I just looked, didn't see  
You protected me, now I'm living the life  
The good times, now they all make way  
Because this is so fine

It doesn't matter where you're from, it matters where  
you're at  
Let me hear ya holla back, oh, ya  
It doesn't matter where you're from, it matters where  
you're at  
Let me hear ya holla back, oh, ya

It doesn't matter where you're from, it matters where  
you're at  
Let me hear ya holla back, oh, ya  
It doesn't matter where you're from, it matters where  
you're at  
Let me hear ya holla back, oh, ya

You see my life hasn't always been a nice bouquet of  
roses  
I remember when we had nothing, I was left wishing  
and hoping  
That there's more that can make me happy  
Than the life that you see on TV  
But you came and you showed me what it means  
To live life in the way it was meant to be

I can't believe where you've taken me  
You give me hope to believe now I'm living the life  
Now, everybody put your hands in the sky  
We gotta a brand new life to try, it feels good, don't it?

So many times I just looked, didn't see  
You protected me, now I'm living the life  
The good times, now they all make way  
Because this is so fine

I can't believe where you've taken me  
You give me hope to believe now I'm living the life

Now, everybody put your hands in the sky  
We gotta a brand new life to try, it feels good, don't it?

So many times I just looked, didn't see  
You protected me, now I'm living the life  
The good times, now they all make way  
Because this is so fine

I can't believe where you've taken me  
You give me hope to believe, now I'm living the life  
You give me hope to believe  
You're giving me hope  
This is so fine

So many times I just looked, didn't see  
You protected me, now I'm living the life  
This is so fine
