Before I even start the day  
Before distractions even come my way  
Before it ever gets crazy  
I gotta have our time

I wanna be close to you  
So you can bring me back to the truth  
Cause that's the only way I'll make it through  
I gotta have our time

I love the moments when you freeze my clock (tick  
tock)  
And the middle of the day through a walk in the park  
You let me know You can't apart from me  
Cause you hold me deep in your heart  
And we sing...

Our time- To get away  
Your time- To be alone with me  
My time- where I can hear you say  
Everything I need to get me through the day  
Our time- To bring it back to one  
Your time- To show me your love  
My time- To learn how to trust  
Cause I know that I need it so much  
Our time

Oh oh- bring it back to the  
Oh oh- take it back to the  
Now, bring me back to the  
Can I get a

In the middle of my doubt and fear  
In the middle of my pain and tears  
I know you want to meet me here  
So we can have our time  
I can share anything with you  
And I'll always be the same to you  
Everyday you want to make me new  
We gotta have our time

Yeah, yeah, I can feel the tick tock watching me

I just got to make a pit stop, constantly  
Cause I know it's what You want and what I need  
Just bring me to a place where I can say  
This is... this is...

Our time- To get away  
Your time- To be alone with me  
My time- where I can hear you say  
Everything I need to get me through the day  
Our time- To bring it back to one  
Your time- Where you can show your love  
My time- Where I can learn to trust  
Cause I know that I need it so much  
Our time

Lord I believe  
You're all I need  
I gotta have you everyday  
And I won't take a step till you tell me what's next  
Show me the way  
Oh...

Our time- To get away  
Your time- To be alone with me  
My time- where I can hear you say  
Everything I need to get me through the day  
Our time- To bring it back to one  
Your time- To show me your love  
My time- Where I can learn to trust  
Cause I know that I need it so much  
Our time

Oh oh- bring it back to the  
Oh oh- take it back to the  
Now, bring me back to the  
Can I get our time?

Oh oh- bring it back to the  
Oh oh- take it back to the  
Now, bring me back to the  
Can I get a
