Uhm, ah  
Check it out  
Uh  
Yeah, uh, check it out  
Um

{Lil Dap}  
East New York express, brothers don't try to flex  
Only real brothers on these trains, and we know what's  
best  
Deep meditation, when we start to ride over rhymes  
High port pole, we junction and my chain, it shines  
My confusion on the streets, and we maintain the  
peace  
Lockin shit down, like masons with coke on the street  
Passing down my sound, my hype lyrics from the over  
ground  
To dope, they comin close and brothers tried to  
approach  
So I hid my stash, when I hit Nostra Ave  
Pickin up oils and answer to create a new path  
Possibilities of law corrupt cops are messing up  
Lockin up the wrong brothers, when they should be let  
out  
Next stop, downtown, deez cats had it locked down  
Sittin vertically and horizontally all around  
So we maintain our focus and hold the fort down  
Cuz we from East New York, and we do get around  
Going uptown and see my man Nutcracker yo  
Brainsick, are you ready to rock this show  
Big Poppa Politics got my people locked down  
So we jungle thru our music, sharing love thru the town

Chorus: Lil Dap

Some people understand, some people don't  
Some people realize, some people won't  
Keep it real to my people in the streets you see  
Understand the street knowledge was your only key  
Some sisters understand, some sisters don't  
Some sisters realize, some sisters won't  
Keep it real to my sisters in the streets you see

Understand the street knowledge was your only key

{Melachi The Nutcracker}

Recreation of life, is a natural beauty

Enhance technicians to do their duty

Evaluations, of all situations

Excellent specialists, with information

Opportunity treatment, for the community

Re borough businesses, arrange by families

Additional support, and sternly thought

Do not get caught, yo for negative things

Destructive problems or what it brings

Independency involves emotional distress

Without focus, yo it's a big mess

Dependency, I have a room for a neighbor

Infasize individuals with different behaviors

Mentally fit, so you can stay legit

Of the structure values, on this unit

Sick ethic, social economic backgrounds

Exhibit extreme, all though protected in this town

Education is the main priority

Because there is too poverty in this society

Uptown, downtown we gotta pay rent

Prevent the bad, relay are sin

Don't get bent, because you smokin off the sess

We from New York on the A Train X-Press, x-press

Chorus: Lil Dap

Some sisters understand, some sisters don't

Some sisters realize, some sisters won't

Keep it real to my sisters in the streets you see

Understand the street knowledge was your only key

Some brothers understand, some brothers don't

Some brothers keep it real, some brothers won't

Keep it real to my brothers in the streets you see

Understand the street knowledge was your only key

Some people understand, some people don't

Some people realize, some people won't

Keep it real to my people in the streets you see

Understand the street knowledge was your only key,
