Good girl yes, bad girl no!
Good girl yes, bad girl no!
Good girl yes, bad girl no!
I don't want her to break my window
Hey, girl, you not very nice
You don't even know how to tie your own shoe-es
I said to you, "How to tie a shoe?"
You said you didn't know so you wear the velcro
I gave you fifty cents to go to the store
You supposed to spend twenty but you spend more
Said give me five, but you only gave me four
Because you said your thumb got chopp-ed in four
No it did not, you lie about everything!
Don't think I don't know about the sandwich
You made me say "Daimitt!" because you took it to
Kansas
You said you ate it, but you're doing me damage!
Now it's off to sell a fifty foot spandage
Because I'm stressed off by your lady bandit
You look like a mikrowave yes I think so
And I don't want you to break my window!
Good girl yes, bad girl no!
Good girl yes, bad girl no!
Good girl yes, bad girl no!
I don't want her to break my window
Hey, lady! You're not very neat
You come in my apartment you don't washing your
feet
You run into cans when you go on the stritt
And you told me that you one time did a math test
If you want to saix me you have to be goode at math
You're nott goode at math and you say "Look at that!"
A little kaid kicked you and I don't give a crap
Forcing with the president to cry and laugh
What if I did and my chicken had gas?
You kicked his face from here to Arkansas
Forgetting all my haim and you ruined my slice
New pair of sandals dropped to the trash!
You not dispute this football joke
Because you grabb-ed baseball and forgot to throw
Tried to make my little brother not to grow
And I don't want you to break my window!

Good girl yes, bad girl no!
Good girl yes, bad girl no!
Good girl yes, bad girl no!
I don't want her to break my window
And now... shladies expose your crows...
For the king of Africa, Danny Advantage
You need a girl that epitomize peace no peas
Not iminitize tees to the size of trees
Sells with her bad trees inbetween my knees
She H-E-A-D (Swallows, ladies)
And tastes my pralines
Who fears I don't scream (Hope I scream)
My regime in between it's where it's clean, it's less
mean
If you's first it's clean
If you swing, let's see rehearsing
Girls bring first and they're clean so
Bad girls so divine hide behind the line
The woman tries mine while I improvise
So why? You can visualize something nice
Slide fly by nightride at night to see you laying in the
sky
No (no!) No (no!)
Besides, you have been with too many guys
No (no!) No... Bad girl!
