25th century knight beheaded for witchcraft
His (whore) mistress hung from a tree and killed
But the curse is put upon them for centuries
(Satan and his) demonic hatred will return!

Zombies, witches, sacrifices!
Black magic, heart ripping, and gore!
Aleric de Marnac sends you to your doom
Horror, rises from the tomb!

Evil laughter and terror
Seduction of young women
De Marnac and Mistress Mabilie
Together they seek revenge the blood!

Bloody sex and naked boobs!
Decapitations and possessions!
