I hear your footsteps coming from the end of the lane
A crystal clear shimmering high
The girl whose stomach gurgles with the bright fizzy
pop
The woman with the animal cry

I didn't know you
But you felt like a friend
And now I'd love to
Be a pal to the end

And I don't know what's wrong with me
But lately I've been feeling like I'm truly hovering in the
air
And I don't know what happens to me when you come
along
It's just the way the sunlight catches your hair

Our friends would go our friends would come for
casual fun
That left us occasionally numb
The night's intense and colorful with feminine dreams
Perpetual harmless it seemed

I didn't know you
But you felt like a friend
And now I'd love to
Be a pal to the end

And I don't know what happens to me when you come
along
It's just the way the sunlight catches your hair
And I don't know what's wrong with me
But lately I've been feeling like I'm truly hovering in the
air
And I don't know what happens to me when you come
along
It's just the way the sunlight catches your hair
And I don't know what happens is it me or is it voodoo
Or the way the sunlight catches your hair

Shark ridden waters
Shark ridden waters
Shark ridden waters

No use crying
No use telling me how much you care
It doesn't matter anymore
